Akutain Cosecha

With almost 40 years of experience under their belt, **Bodega Akutain** produces classically-styled Rioja wines exclusively from their own 6.5 hectares of vineyards located near the town of Haro, in the subzone Rioja Alta, widely considered to be the most prestigious terruño for producing age-worthy Rioja wines. Founded by Juan José Peñagaricano Akutain, the bodega is now run by his son, Jon Peñagaricano. Artisan in all aspects of production, Akutain hand harvests, ferments with native yeasts with little extraction, and works with old oak for elevage; the resultant wines are throwbacks to Rioja's past - 12.5 to 13% alcohol, beautifully aromatic, nuanced, and age-worthy.

The Akutain vineyards are situated in the valley of the River Tirón in the subzone of **Rioja Alta**, at the foot of the Sierra Cantabria mountain range, and surrounded by the Rivers Ebro and Tirón. The moderately high elevation, influence of the two rivers, clay-calcareous soils, and continental climate -with Atlantic and Mediterranean influences- make Rioja Alta one of the most hospitable environs for ripening the Tempranillo grape.

The Akutain **Cosecha** is comprised of mostly Tempranillo with Garnacha, fermented in fiberglass vats with native yeasts, and raised for a short time in fiber glass vats. A delicious *joven* wine to pair with a variety of tapas, and a great example of pure Rioja Alta terruño.
