VINIFICATION METHOD

The grapes were destemmed and pressed then fermented spontaneously in a single 1500L neutral oak foudre, where the wine also rested. Bottled without fining, filtering, and only a small addition of sulfur.

ENVÍNATE

PALO BLANCO PARCELA LAS MOLINAS 2022

PRODUCER PROFILE

Envínate ("wine yourself") is the brainchild of Laura Ramos, Jose Martínez, Roberto Santana and Alfonso Torrente, four friends who met while studying winegrowing at the University of Miguel Hernández in Alicante. Their work, both in the vineyard and winery, is focused on exploring the ancient, Atlantic-infused terruños of Ribeira Sacra and the Canary Islands, as well as exceptional vineyard plots across the Iberian Peninsula. The Envínate philosophy is simple: let each parcel fully express itself in the finished wine by utilizing old-fashioned farming and winemaking methods.

VINTAGE REPORT

The very successful 2022 vintage owes much to the restorative rains of 2021 which restored groundwater and helped enable a later harvest than in early years with similarly hot and dry weather patterns (like 2019 and 2020). While the warmer summer did mean a slightly earlier harvest than in '21, '22 was a hugely successful and high quality year. It was also the first vintage for the single parcel Las Molinas wine.
