

GOYO GARCIA VIADERO

FINCA EL PERUCO

ORIGIN

Villanueva de Gumiel, Ribera del Duero, Castilla.

VARIETIES

85% Tinta Fina (Tempranillo), 15% Albillo.

VINEYARD

From the organically farmed El Peruco vineyard on white sand with alluvial stones, planted in the 1920s. This is Goyo's oldest and lowest yielding vineyard. At 960m above sea level this is one of the highest vineyards in Ribera del Duero.

VINIFICATION METHOD

The grapes are destemmed and macerate and coferment on their skins for only 10-15 days in old foudre, then moved to 8-10-year-old French oak barriques to rest for a year. Bottled without addition of SO2 and without fining or filtering. Peruco is always rested for more than a year in bottle before release.

PRODUCER PROFILE

Goyo Garcia Viadero, son of a prominent Ribera del Duero winemaking family, has been crafting iconoclastic naturally made Ribera del Duero wines under his own name since 2008. With the help of his wife Diana, Goyo farms old head-pruned parcels, working them organically. The goal each year is to harvest the grapes for good acidity first, in contrast to many producers in the region who are looking for phenolic maturity above all. Goyo's three Ribera del Duero vineyards are located around the town of Roa in the heart of the appellation, which is known for having many old vine parcels at the highest elevations and with the best soils for quality wine production in the region.
